Currency
settlement
Division

Currency management Division

- ▶ In charge of the process of issuing Banknotes, keeping adequate inventory and shipping from the printing company to Jordan .
- ▶ statistics are done quarterly on the inventory from each denomination, accordingly the bank prints needed quantities .

- ▶ Follows up with counterfeit cases with local banks and exchanges information with the police Dept on monthly bases.
- ▶ Prepares a report on volumes of counterfeited notes from every denomination .

Tellers and strong rooms Division

- ▶ In charge of managing strong rooms, cash is provided to tellers from the strong rooms in the morning, at the end of the day tellers cash is returned to strong rooms .
- ▶ The main teller is the one who supplies banks with cash .

Cash sorting Division

- ▶ In charge of sorting cash received from banks into unfit , fit and super fit notes , done using large size machines (sorting, shredding, bundling and packing) no human intervention expect in the case of jams , The system is computerized and provides all kind of statistics regarding the sorted quantity .

Currency settlement Division

- ▶ In charge of accounting entries that result from operations done in the Dept. , Through a computerized system the division prepares a daily statement which contains inventory for each denomination in every strong room and the total cash in circulation .
